

Dear Linda

Awesome presentation Linda! We greatly appreciated your speaking at Women's Day and we could tell that the participants felt that way too. Your presentation was very informative and engaging . . . just what we were hoping for.

What you said about being ready to make our event successful could not have been more accurate. I cannot thank you enough for your preparation. I love when things go smoothly. You will be on the top of our list for future opportunities.

Thanks again,
