

Dear Linda,

What a great job you did yesterday. I truly want to thank you for your addition to the program yesterday. It was a huge success. So delightful having additional time to talk with you afterwards.

I have shared your speech concepts with several others about constantly trying things we never thought we would never want to do (erasing old boundaries) and the importance of reinventing ourselves in this fast paced world we live in.

Look forward to receiving more inspiration from you in the future.

Warmly,

Cheryl Butz

Program Planning Chairperson
